## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 5/12/2008 has been entered.

### ***Response to Rule 312 Amendment***

The amendments to the specification filed on 7/7/2008 are entered.

### ***Allowable Subject Matter***

Claims 1-25 and 27 are allowed.

The following is an examiner's statement of reasons for allowance: the cited prior art does not disclose or render obvious the combination of elements recited in the claims as whole. Specifically, the cited prior art fails to disclose or render obvious the following limitations:

As per independent claim 1, the claimed:

initially scheduled by specified clock properties together with explicit interactive events received with respect to an animation into an event list,

wherein the second component receives the interval list from the first component, wherein the low-level component interpolates parameter intervals to obtain instantaneous values and decodes instructions into rendering commands to be executed by a graphics device, and

low-level timing component and enabling the first component and the second component to remain in synchronization.

As per independent claim 18, this claim is also allowed for the same reasons as independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
